

About Us

Aagaard Hanley Ltd is the parent company of the new and exciting Plaster Workshop . They are award winning manufacturers of fibrous plaster and GRG mouldings and suppliers of polished plaster and lighting products.

Established in May 1979 by Robert Aagaard and Edmund Hanley, the company employs fully trained craftsmen who are skilled in traditional methods which are allied to twenty first century manufacturing techniques.

Total Quality commitment is a central element in the delivery of the company's products and services to its many and varied customers. Aagaard Hanley Ltd is certified to ISO9001.

Service to Clients:

The service to clients includes design to manufacture to installation on site. Products supplied include fireplaces, luminaires, cornices, dados, columns, arches, niches, corbels, ceiling roses, panel moulds, architraves, skirting, polished plaster and lighting products.

Contracts undertaken have included work on Stately homes, offices, shops, commercial buildings, public buildings, houses and, even, cruise ships

The company are members of the Federation of Plastering and Dry Wall Contractors and the Lighting Association.

Enquiries are welcome from the trade and the public.
